

Adult Pylon & Foot Components

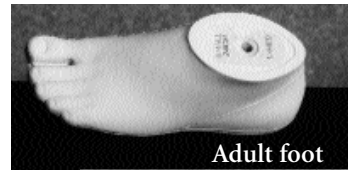

Various components are available in materials such as: stainless steel, aluminum and/or titanium. Each is offered at prices comparable with the manufacturer's price for these same components. However, when components are purchased as complete packages (foot and all other required components) the price a practitioner pays will be less than the manufacturer's price. And, when components are ordered with sockets or systems practitioners save even more by avoiding additional shipping charges.

FLO-TECH® staff are available to help practitioners determine which component options are the best choice for your patients and most cost effective for you.

See bottom of socket and system order forms to add pylon and foot components to your order.

- a S.A.C.H. Foot
 - Wayfarer (same w/toes)
 - Post-op
 - Sizes 24, 26 & 28

- b S.A.C.H. Foot Adapter

- c Four Bolt Socket Attachment Plate (Grace Plate)
 - (4 short, 4 long attachment screws)

- d Tube Clamp Adapter

- e 30mm Tube with Pyramid Adapter

- f Pyramid Socket Attachment Plate

FLO-TECH® staff will help practitioners decide which components are best for their patients.
